

B.K.L. Walawalkar Hospital **an outreach center of Tata Memorial** **Hospital**

Location - Chiplun, Raigad District

Project Value - ₹ 25 lakhs

Government schemes provide free treatment, but funding for pre-diagnostic investigations is limited.

As a result, many patients are forced to abandon treatment due to financial constraints.

RCQNM funds step in to support patients by covering the cost of investigations and enabling them to proceed with treatment. Our funds are available for patients who are not covered by any other scheme.

We had allocated funds for 300 patients, providing up to Rs 25,000 per person.

In March 2022, RCQNM began supporting adult cancer patients with diagnostic testing at the rural outreach
