

Masoom Foundation

Location - Mumbai

Project Value - ₹ 26.52 Lakhs

Masoom assists underprivileged adults in completing their 10th-grade education, fostering respect and improving employment opportunities as this is a minimum mandate for government jobs.

Our club sponsors 5 night schools through Masoom Foundation, offering financial support and guidance.

With increased registration and attendance, we help students overcome financial and home-related challenges that caused them to leave school prematurely.

This platform offers a cost-free opportunity to obtain a recognized 10th-grade certification from the Maharashtra board.

It covers teachers' fees, books, lab equipment, and snacks for night school attendees.
