

Basic Education and Literacy.
NGO Partner : Universe Simplified Foundation (USF)
Project size: Rs. 15,00,000

Project summary:

USF runs a two-year, full-time STEM (Science, Technology Engineering, and Mathematics) Fellowship through which local youth are hired and trained for implementing the program. USF works with 6th - 9th grade students from semi - rural areas on the outskirts of Mumbai.

Impact and challenges:

USF has impacted 1,500 students by contributing towards setting up STEM based Innovation Hubs around 20 Government and Gov. aided schools on the outskirts of Mumbai (villages along the Kalyan-Murbad road, Thane district, MH).
